

The Educational Academic Mentors aka TEAMs
NEWSLETTER

November 25, 2025

You are invited to December's "Divisions Workshop" With Your Peers.

Get a grip on Division and Multiplication!

T.E.A.Ms is an online based educational and academic service provided to build confidence in students who struggle with Math or Reading. We also support academic learning by teaching American Sign Language to students and families as a visual stimulation to the brain, something that has proven to improve cognitive abilities in hearing individuals and we have helped bring families closer to their deaf family members through language.

My name is Rachel Owens and I am the Owner for **T.E.A.Ms. LLC**. I would like to invite you to this month's Division Workshop to be held each Friday at 3pm to 4pm. Location will be announced before Friday. Enrollment: \$20 per student/week. Please visit www.weareteams.org for more information.
